The undersigned owner and/or operator ("owner/operator") of irrigated farmland located within the geographic boundaries of the Tule Basin Water Quality Coalition ("TBWQC") understands that the Central Valley Regional Water Quality Control Board ("Central Valley Water Board") has issued a Notice of Applicability ("NOA") to the Tule Basin Water Quality Coalition as a proper third party for administering the terms and conditions in the Waste Discharge Requirements General Order ("General Order") for Growers in the Tule Basin Water Quality Coalition who elect to participate in the Third Party. The undersigned owner/operator also understands that it is his/her responsibility to know and understand the terms and conditions contained in the General Order, and that failure to comply with the General Order terms and conditions may subject the owner/operator to removal from the TBWQC, and potentially could subject the owner/operator to enforcement action taken by the Central Valley Water Board.

With these understandings, the undersigned owner/operator hereby elects to participate in the TBWQC, in relation to the specific parcels identified in this Application, and hereby elects to comply with the requirements set forth in the General Order, and as established by TBWQC, including but not limited to those requirements described in the attached "Grower Requirements". Owner/operator understands that acreage fees are collected to cover SWRCB fees and the costs of the Third-Party administering the Coalition activities required to fulfill the obligations contained in the General Order. A detailed accounting of activities covered by the acreage and participation fees will be made available to Coalition members periodically, and are available to all Coalition members on request.

Owner/operator acknowledges that: i) TBWQC's ability to provide Third-Party coverage under the General Order is subject to the ongoing discretion of the Central Valley Water Board, and therefore coverage under the General Order cannot be warranted or guaranteed; ii) that the Central Valley Water Board may under certain circumstances terminate or suspend TBWQC as an accepted Third-Party; iii) that TBWQC may withdraw as a Third-Party qualified to provide coverage under the General Order; and iv) that fees or costs may need to be increased in order to maintain Third-Party status and coverage for the participating owner/operators of TBWQC.

Owner/Operator upon ten (10) days prior written notice to the Coalition may withdraw its election to participate. Upon withdrawal, Owner/Operator will no longer be entitled to coverage as a participant of the coalition.
